Hello,

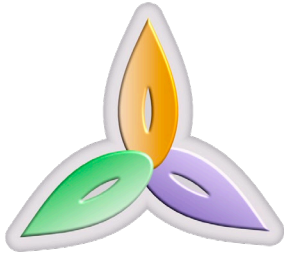

This is Dr. Vincent Taffuri, I want to give you the opportunity to participate in what we call our Affiliate Ambassador Program. On our website, this is an area that will allow you to market your business or profession within our business community. What we will need from you will be the following information about your practice or business:

1. Your Website URL
2. Pictures of you and/or your practice/business

Additionally, we are going to have you fill out a release that allows us to include the above-named information on our website with your permission. We will be forwarding the release to you and once returned to us the information will be uploaded to our website. If you have any questions, please reach out to Dr. Taffuri at 845-323-7500 or Tara at 201-820-8825. We are looking forward to having a mutually working relationship where we can help people improve their lives! Thank you so much.

Yours in Good Health,

Dr. Vincent Taffuri
